SITE COOKIE POLICY

INTRODUCTION

This page is a section of the privacy policy available on the website and specifically describes the use of cookies by the owner.

INFORMATION ON COOKIES

Cookies are text files containing minimal information sent to your browser and stored on your computer every time you visit a website. With each link, Cookies send the information to the reference site.

They are used to improve functionality of the site, to enable the user to easily navigate between pages, remember preferences and to guarantee the user an optimal browsing experience.

COOKIES TYPOLOGY

Technical cookies

This type of cookie is strictly necessary for some sections of the site to function properly. Cookie technology used by the owner can be divided into:

- **Session**: which are destroyed each time the browser is closed;
- **Persistent**: which are not destroyed when the browser is closed but remain until a pre-set expiry date.

These cookies are needed to view the site correctly and for the technical services, so they will always be used and sent unless the user t changes the settings in their browser (invalidating page display for the site).

The site currently uses only technical session cookies.

Analytics cookies

These cookies are used to collect information on use of the site.
They collect anonymous data on user activities and how they arrived at the site. Analytics cookies are sent from the site itself or from domains of third parties.

This site does not use analytics cookies.

These cookies do not require a user's prior consent to be installed and used.

Analytics cookies for third-party services

These cookies are used to gather **anonymous information** on **use of the site** including pages visited, dwell time, origins of the traffic, geographic origin, age, gender and interest for the purposes of marketing campaigns. These cookies are sent from third party domains external to the site.

This site does not use analytics cookies.

Profiling cookies

These cookies are needed to create user profiles to send advertising messages in line with preferences expressed by the user in the site pages.

This site does not use profiling cookies.

Cookies to integrate products and features of third-party software

This type of cookie integrates features developed by third parties within the pages of the site such as icons and preferences expressed in social networks to share site contents or to use third-party software services (such as software to generate maps and software that offers additional services). These cookies are sent from third party and partner site domains that offer their functionality between the pages of the site. In this case the site owner acts only as an intermediary technician between the user and these sites.

This site does not use cookies to integrate products and features of third-party software.

WEB SITES AND THIRD-PARTY SERVICES

The Site may contain links to other websites that have their own privacy policies which may differ from this one. Therefore, this policy does not cover these sites.

INTERACTION WITH SOCIAL NETWORKING AND EXTERNAL PLATFORMS

These services allow interactions with social networks or other external platforms, directly from the pages of this site.
The interactions and information acquired by this website are in any case subject to the privacy settings of the user for each social network.
A service interacting with a social network could collect traffic data relating to pages on which it is installed even though users do not use the service.
Poligrafico has no access to data collected and processed in full autonomy by the managers of social network platforms. For more information about processing logic and methods for data collected by social networks, users are invited to read the privacy policies of the providers of such services:

REGISTRATION AND AUTHENTICATION

Through registration or authentication users enable a specific application of the site to identify them and give them access to dedicated services.
For data processing policy, refer to the privacy policy of the service acquiring the data.

HOW TO MANAGE AND DISABLE COOKIES VIA BROWSER CONFIGURATON

To limit, block or delete cookies simply change the settings of your web browser. The procedure varies depending on the browser. For detailed instructions, click on the link in your browser:

- [Internet Explorer](#)
- [Firefox](#)
- [Google Chrome](#)
- [Opera](#)
- [Safari](#)
- [Safari iOS](#)

If your browser is not listed here, select "Help" on your web browser for information on how to proceed.

Through your browser preferences you can also delete cookies installed in the past, including the cookie which may have the consent to install cookies from this site. It is important to know that disabling all cookies, may compromise operation of this site.

CHANGES TO THIS PRIVACY STATEMENT

This policy on cookies may change- also with any new regulations for the sector, to update or deliver new services or due to technological innovation - so we invite you to consult this page periodically.
